

Kamehameha Schools

HONOLULU, HAWAII, U.S.A.

Aerial view of the new Kamehameha Schools at Kapalama Heights

Kamehameha Schools, opened in 1887, are composed of two units, the School for Girls and the School for Boys. Kamehameha is a privately endowed institution founded through the will of Mrs. Bernice P. Bishop. The purpose of the school, according to the wishes expressed by Mrs. Bishop in her will, is to train the "youth of Hawaii" in the higher branches, particularly in the use of the English language, that the boys and girls may become "good and industrious men and women."

Kamehameha not only prepares the students for college entrance but also offers vocational training of a high quality. The goal of the school is to fit the students for a useful place in the modern community.

Dr. Homer F. Barnes is principal-in-charge of Kamehameha Schools and principal of the School for Boys while Miss Maude E. Schaeffer is principal of the School for Girls. The five trustees of the Bishop Estate, from which the income for the support of the schools is derived, are E. Faxon Bishop, Albert F. Judd, Richard H. Trent, George M. Collins, and John K. Clarke. Mr. John T. Warren is the comptroller, his office being located on Kapalama Heights.

The School for Girls is located on Kapalama Heights. The School for Boys, at present housed on the original King Street campus, is in the process of moving to the new plant which is being constructed on Kapalama Heights makai of the Schools for Girls. The shops have already moved to the new location.

Finding Aid

By Candace W. Lee
Kamehameha Schools Assistant Archivist

Contents: Donated calendars

Collection Title: Collection of Kamehameha Schools Calendars

Provenance: Calendars were donated to Kamehameha Schools. Calendars found in the Dr. Donald Kilolani Mitchell Collection are not included. In 2003, the sample calendars were digitized.

Bulk dates: 1939-1991

Size: .5 feet

Arrangement: Chronological

Language: In English; in Hawaiian

Access: With permission of the archivist or director

Citation: Kamehameha Schools. Each researcher assumes full responsibility to comply with current copyright laws

Bibliographic Record: Kamehameha Schools Library Catalog

He Aha Ka Meahou Ma Kamehameha

VOLUME 1, NO. 1

SEPTEMBER 1968

OUR NEW PUBLICATION

HE AHA KA MEAHO MA KAMEHAMEHA (What's New at Kamehameha) is a new publication aimed at increasing and speeding up the communication of school news to members of our Kamehameha family.

The long lead time required to prepare print and mail a publication with a pictorial magazine format such as *Ke Alii Pauahi* makes it impossible for us to include a wide variety of up-to-date items. Therefore we are trying an experiment this year. We will publish *Ke Alii Pauahi* on a semi-annual basis and each issue will be devoted to a full treatment of a single theme. For example, we are at work now on the fall edition of *Ke Alii Pauahi* which will present a complete look at the Hawaiian program at The Kamehameha Schools.

He Aha Ka Meahou will be published on a more frequent basis and will include items of current interest. Its simplified format will enable us to speed up the preparation and printing time and thus keep our readers better informed about "what's new" at The Kamehameha Schools.

Orientation Seminar Planned

Another program being launched this fall is also intended to help people become better informed about The Schools. It is our plan to invite leaders of various Hawaiian organizations from all over the State to attend a one day "Orientation Seminar" to be held on the campus.

If enough interest is generated we will hold more than one "seminar" so that the number attending each will not exceed 30 or 40 individuals. The objective is to provide an ample opportunity for a "two-way" exchange of information and views between The Schools and the participants.

As a follow-up activity school officials will offer to make an informational presentation to the membership of the organizations represented at one of their regular meetings if requested.

Hawaiian Calendar Project

Sponsored by The Schools, PTA and Alumni Association

As announced in a letter recently sent to members of The Kamehameha Schools family a new project has been launched this year to raise funds to help Kamehameha graduates continue their education.

More than 900 Kamehamehans are currently attending a college, university or other institution of higher learning. Many of these young people need financial help to enable them to continue their advanced training. To the best of our knowledge Kamehameha is the only high school in the country attempting to provide financial aid to the great majority of its graduates who qualify to continue their education and who need help to do so. Helping insure that our young people have the opportunity to develop to their highest potential is indeed a great challenge.

The Trustees annually appropriate approximately \$60,000 for this purpose and Mr. Fred Gros, Kamehameha's director of financial aid, makes sure that our graduates seek financial help from all other available sources. For example, from their own family, federal programs, work opportunities, scholarships from the institution they will attend, etc. However, the need for additional funds is ever present. Each year more and more Kamehamehans express the desire and show the ability to continue their education. Therefore The Kamehameha Schools PTA and The Kamehameha Schools Alumni Association have joined with The Schools in sponsoring the sale of the 1969 Hawaiian Calendar.

We hope to raise \$20,000 from this project. When we consider that the costs for one year at many mainland colleges may be as high as \$4,000 per student \$20,000 does not seem like very much. However, this money is used to meet the *difference* between what a student can raise from all other sources and what he actually needs. From this point of view \$20,000 can be used to make up "the difference" for a large number of Kamehameha graduates.

So let's all get behind this project and "invest in the future of Hawaii."
